

I write to apply for the position of Marshal of the Town of St. Lucie Village. I believe that my professional experience in construction management and as a licensed home inspector will make me an asset to St. Lucie Village.

My background includes 25 years in construction management. In that role, I was responsible for overseeing the construction of medical facilities throughout the U.S. I regularly coordinated with subcontractors, vendors, and hospital personnel to ensure projects were completed in compliance with all applicable state and federal safety and building codes. Not only did this provide me with a good working knowledge of code compliance issues, but I also developed communication skills, which were honed by working on a daily basis with my construction teams. These daily interactions were critical to completing each job and instilled in me the value of teamwork in achieving a common goal.

I am a Florida licensed home inspector (License No. FL HI 2817). In this capacity, integrity and professionalism in reporting are of the utmost importance. I believe this experience, coupled with my years of construction management, will enable me to serve St. Lucie Village well in the capacity of Marshal.

In addition to my work experience, I have lived in St. Lucie Village for 18 years, and I am a Fort Pierce native. I am a responsible individual with a strong work ethic and a sense of community responsibility. I am committed to the betterment of St. Lucie Village and will be a positive addition to the community team.

Sincerely,

Robert Drumm

Application for Village Marshal

Name: Robert Drumm Date: 1/16/2021

Address: 2607 N. Indian River Drive
St. Lucie Village 34946
