**Subject:** FW: HSR Constructors Affected Railroad Crossings 3-Week Schedule - 08/05/22 Update

Good afternoon Erick,

Brightline has provided an updated work plan that extends through August 21. During these activities, the crossing gates, flashers, and other equipment will be disabled while they work on the crossings. Traffic will be controlled with flaggers while the equipment is disabled. The following crossings are scheduled to have ongoing work through August 15, but we may want to give some padding and tell everyone that the work will continue through August 19 just in case they have any delays:

- Michigan Street
- Rouse Road
- Torpey Road
- Milton Road
- Chamberlain Boulevard

Please let me know if there are any questions that arise. Thanks and have a great weekend!

---
